Seating & fabric leather program

DARRAN has partnered with some of the most prestigious fabric suppliers of the office furniture industry to bring you quality fabrics that are engaging designs, environmentally friendly and durable for years to come. The majority of fabrics we have graded-in are in heavy supply making it most likely available on our Quickship however, we cannot guarantee stock. If you do not see the fabric you wish to include in a project, please contact Customer Service to see if this pattern can be graded in at 800.334.7891.

Fabrics & leathers

Application instructions must be specified on the purchase order or COM / COL submission form. In the absence of application instructions, DARRAN will apply materials accordingly.

CAL117

All DARRAN seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes.

Testing is available for all seating products with the following fees and considerations:

- If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for \$75 list per yard required. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- The purchase order must clearly indicate the requirement of California Technical Bulletin 133
- If laboratory California Technical Bulletin 133 certification is required, the cost of testing a chair is \$820 NET, plus the cost of the chair and covering material.
- An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- DARRAN's manufacturing procedures for California TB 133 compliance are based on the testing of representative style with specific fabrics. Please contact Customer Service for an updated list of tested models.
- A copy of test certification is available upon request.

Combination fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If using COM or COL, pricing will be COM or COL + 5%. If both COM + COL are used in combination, use COL + 5%

COM/COL ordering instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL approval form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstering. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

Fabric Width	Plain Fabric	2" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%

Plus Fabric & Leather Program

ATTACH 6" X 6" FABRIC/LEATHER SAMPLE HERE

NOTE
Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing limitations

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

The benefits of FENIX® surface material:

- Soft to the touch
- Extremely matte
- Resists fingerprints
- Highly resistant to scratches, abrasion, acid-based solvents and household cleaners

SO, WHAT IS FENIX® SURFACE MATERIAL?

FENIX® materials are made of paper (over 60%) and thermosetting resins (30 - 40%). The FENIX® products are created by a pressing process in which heat and pressure are applied simultaneously in order to obtain a homogeneous non-porous product. First introduced in 2013, FENIX® was developed after years of research and development by an international team of scientists and engineers. Thanks to proprietary technology, FENIX® is able to achieve its incredible surface properties by undergoing a series of processes, including a multilayer coating and use of next-gen acrylic resins, which are then hardened and fixed through an Electron Beam Curing process.

Table tops are 3/4" thick material available in Wood Veneer, Laminate, Fenix Surfaces, and Paint options.

Table bases are constructed of CNC cut engineered hardwood plywood using mortise and tenon joinery with corner blocks to maximize strength and overall product life.

Seat cushions are fabricated from a combination of high density and low density Soy-based, high resilience polyurethane foam, to create a plush feel and superior level of quality and comfort. with a minimum of 2.0 density foam in the seat and back.

Frame constructed of CNC cut engineered hardwood plywood using mortise and tenon joinery with corner blocks to maximize strength and overall product life.

Seats are constructed using 8GA Steel Sinuous Arc springs providing excellent comfort, quality, and longevity.

All units are equipped with non-slip feet to ensure secure placement and damage free floors.

Variety of textiles and back options offer customers flexibility in design and consistency within each office setting.

Upholstery Requirements
Fabric yds: 1.5 Leather Sq. Ft.: 27
Carton Weight:

Product Features

- Pillows are composed of 90/10 Blend Down Feather Stuffed Fill Standard.

Notes

- Optional Trillium© fill is a premium polyester fill which mimics the characteristics of natural down, but is entirely hypoallergenic and will never result in escaping feathers. It offers the ultra-dense, soft, and luxurious feel.
- Contact customer service for leather options and pricing.
- Combination fabrics not available.
- DARRAN will apply fabric as shown and suggested by fabric partners.

Options

- CWO: Contrast Welt COM material only - \$55 (.25 yds required per pillow)
- PSO-1: Replace Standard Blend Down Feather Fill with Trillium©fill - N/C

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing/yardage requirements will be as follows:

A Front 1 yd.
B Back 1 yd.
C Welt .25

- When combining two materials of the same grade, pricing will be specified grade + 5%
- If combining two materials of different grades or leather/fabric combination, use the highest grade/price + 5%
- If using COM or COL, pricing will be COM or COL + 5%.
- If both COM + COL are used in combination, use COL + 5%.
