Seating & Fabric Leather Program

DARRAN has partnered with some of the most prestigious fabric suppliers of the office furniture industry to bring you quality fabrics that are engaging designs, environmentally friendly and durable for years to come. The majority of fabrics we have graded-in are in heavy supply making it most likely available on our Quickship however, we cannot guarantee stock. If you do not see the fabric you wish to include in a project, please contact our Factory to see if this pattern can be graded in at 800.334.7891.

Application instructions must be specified on the purchase order or COM / COL submission form. In the absence of application instructions, DARRAN will apply materials accordingly.

CAL117

All DARRAN seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes.

Testing is available for all seating products with the following fees and considerations:

- If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for \$75 list per yard required. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- The purchase order must clearly indicate the requirement of California Technical Bulletin 133
- If laboratory California Technical Bulletin 133 certification is required, the cost of testing a chair is \$820 NET, plus the cost of the chair and covering material.
- An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- DARRAN's manufacturing procedures for California TB 133 compliance are based on the testing of representative style with specific fabrics. Please contact Customer Service for an updated list of tested models.
- A copy of test certification is available upon request.

Combination Fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If using COM or COL, pricing will be COM or COL + 5%. If both COM + COL are used in combination, use COL + 5%

COM/COL Ordering Instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL submission form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstery. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

Fabric Width	Plain Fabric	2"- 14" Repeat	15"- 19" Repeat	20"- 27" Repeat	28"- 36" Repeat
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%

NOTE
Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

Railroad

Setup

Joints are securely fastened with mortise and tenon joinery as well as well as corner block construction to ensure long-term use.

Ability to incorporate variety of options

Tablet mounts and combination fabrics.

Complete domestic production

Complete domestic production from frame through upholstery, controlled by one manufacturing facility. Less stress / damage to chair parts normally caused by overseas transit, providing consistent, reliable quality standards as a quick response to shorter lead times.

Offered in Low or high back. Seats and back are webbed to enhance comfort, sustainability and endurance. Frame constructed CNC cut engineered wood to maximize the strength, precise measurements and overall longevity. Soy-based, high resilient polyurethane foam consisting of multiple densities in seat and backs, achieving maximum comfort and durability.

Optional tablet or rear tables offered in 1/2" compact laminate featuring a black core. Tablets are center mounted between 2 seats. Horizontal back frame provides easy ganging capabilities for expansion and flexibility in various settings.

Rear tables are at 28.5" high on low back units, and 35.5" high on high back units.

Side Screens and Back Privacy screens create private areas to focus or define a team.

Privacy Screens are available in 10.5", 17.5" & 24.75"

The Bota Roof allows for sound to be absorbed creating a focus nook.

Available in a single or double seat module.

Specify power

Node features 1 power & 1 USB duplex, ideal for charging tablets and other USB-friendly electronics. Node is UL approved.

Specify location, see page 64 for additional details.

*WLO Lofty Oak is standard only on the Bota freestanding table.

Finish

Welltech Finish delivers a superior furniture coating with exceptional performance that can withstand stringent cleaning agents and possesses unparalleled durability, allowing DARRAN to provide lasting, sustainable products to our customers.

1/2" Compact Laminate Finishes

(Black Core)

LAW Alaska Matte

LNB Nero Matte

Compact laminate is a paper fiber-based solid surface material. Matte Compact Laminate has a soft-and silky texture that feels velvety to the touch, while resisting smears, smudges and fingerprints. Compact laminate is essentially very thick HPL. Extra layers of paper in the core gives it its thickness and strength, as well as its characteristic black core.

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing/yardage requirements will be as follows:

- A Inside Back & Seat 1.5 yds
- B Lounge Exterior 3 yds
- C Privacy Screen Interior 1 yds
- D Side Screens, Lounge Exterior, Privacy Screens 5 yds

- When combining two materials of the same grade, pricing will be specified grade + 5%
- If combining two materials of different grades or leather/fabric combination, use the highest grade/price + 5%
- If using COM or COL, pricing will be COM or COL + 5%.
- If both COM + COL are used in combination, use COL + 5%.

Product Features

- Screens are constructed from tubular metal that is welded to maximize the strength, precise measurements and overall longevity.
- Horizontal back provides easy ganging capabilities.
- Utilizes elastic webbing suspension that conforms to individual's lumbar curvatures for adaptive support.
- Upholstered screens can be specified in contrasting fabrics, vinyl, or leathers.
- Swivel base

Notes

- Please consult customer service when specifying a table other than Bota to ensure adequacy of seat access

Power

- PDNIU-L: Node in Left Facing Seat Front; 1 Power/1 USB Charger - \$355
- PDNIU-R: Node in Right Facing Seat Front; 1 Power/1 USB Charger - \$355
- PDNIU-B: Node in Both Left and Right Facing Seat Front; 1 Power/1 USB Charger per pod - \$709
- Standard in White (Available in Silver and Black)

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing/yardage requirements will be as follows:

A Inside Back & Seat 2 yds
 B Lounge Exterior 6 yds

- When combining two materials of the same grade, pricing will be specified grade + 5%
- If combining two materials of different grades or leather/fabric combination, use the highest grade/price + 5%
- If using COM or COL, pricing will be COM or COL + 5%.
- If both COM + COL are used in combination, use COL + 5%.

Node Power Placement Option

Product Features

- Horizontal back provides easy ganging capabilities.
- Utilizes elastic webbing suspension that conforms to individual's lumbar curvatures for adaptive support.
- All units are standard with 1" adjustable glides that allow for leveling

Options

Ganging Device

- GDEV-L: Left Facing Ganging Device - \$20
- GDEV-R: Right Facing Ganging Device - \$20
- GDEV-C: Center Ganging Device - \$40

Power

- PDN1U-LSRF: Node in Left Seat Right Facing Seat Front; 1 Power/1 USB Charger - \$355
- PDN1U-RSLF: Node in Right Seat Left Facing Seat Front; 1 Power/1 USB Charger - \$355
- PDN1U-BC: Node in Both Left and Right Facing Center Seat Front; 1 Power/1 USB Charger per pod - \$709
- PDN1R: Node in Rear Mount Table Top; 1 Power/1 USB Charger - \$409
- Standard in White (Available in Silver and Black)

1/2" Compact Matte Laminate Rear Table

- Matte Laminate RTD63: Rear Work Table - \$1,472, Specify LAW Alaska or LNB Nero Finish
- Rear table available on units that gang providing stability
- Rear table is mounted at 28.5"

1/2" Compact Matte Laminate Tablet

- FFTD: 1/2" Compact Matte Laminate Tablet - \$622, Specify LAW Alaska or LNB Nero Finish
- Tablet is center mount only

Premium Finish Option (Standard White)

- Specify rear table bracket Metal Finish color - \$100 per unit
- Specify tablet Metal Finish color - \$100 per unit
- MFS: Silver, MFB: Black

DARRAN®

Width = 27-1/2"
Depth = 30-1/2"
Height = 31"
Seat Width = 22"
Seat Depth = 21"
Seat Height = 17-1/2"
Arm Height = 24"
Cartoned Weight = 46 lbs.

Frame constructed of CNC cut engineered hardwood to maximize the strength, precise measurements and overall longevity.

Designed with clean lines, sweeping back and top stitch throughout.

Solid wood arms slope forward for maximum comfort.

Variety of textiles and back options offer customers flexibility in design and consistency within each office setting.

Joints

Joints are securely fastened with mortise and tenon joinery or double doweled construction to ensure long-term use.

Seat suspension

Seat suspension is constructed of 3/4" thick top quality Baltic Birch plywood that is machined to form an open perimeter of rounded inside edges to reduce strain on the seat suspension. Seats are webbed to provide maximum support for seat cushions. Seat cushions are made of high resiliency foam with proper density providing comfort.

Seat assembly

Seat assembly is attached within finger grooved corner blocks and further secured by wood cleats, providing a vast superior means of stability in the chair.

DARRAN®

Finishes are available on maple or walnut wood (for arms)

Application instructions must be specified on the purchase order or COM / COL submission form. In the absence of application instructions, DARRAN will apply materials accordingly.

CAL117

All DARRAN seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes.

Testing is available for all seating products with the following fees and considerations:

- If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for \$75 list per yard required. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- The purchase order must clearly indicate the requirement of California Technical Bulletin 133
- If laboratory California Technical Bulletin 133 certification is required, the cost of testing a chair is \$820 NET, plus the cost of the chair and covering material.
- An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- DARRAN's manufacturing procedures for California TB 133 compliance are based on the testing of representative style with specific fabrics. Please contact Customer Service for an updated list of tested models.
- A copy of test certification is available upon request.W

Combination fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If using COM or COL, pricing will be COM or COL + 5%. If both COM + COL are used in combination, use COL + 5%

COM/COL ordering instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL submission form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstery. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

Fabric Width	Plain Fabric	2" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%

NOTE
Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

RAILROAD

SETUP

DARRAN®

Width = 25-3/4"
 Depth = 23-1/2"
 Height = 47-1/2" - 50-1/2"
 Seat Width = 20-1/2"
 Seat Depth = 19"
 Seat Height = 19" - 22"
 Arm Height = 26" - 29"

Frame Construction: Hardwood
 Plywood components are precision cut on CNC routers and feature interlocking tab joinery for superior strength and long term durability. All joints are assembled utilizing glue and steel fasteners.

Cushioning: Back utilizes an elastic sheet webbing suspension that conforms to individual's lumbar curvatures for adaptive support. Cushioning materials are laminations or CAL117 rated high-density polyurethane foams of varying compression rates, providing durability and long terms comfort.

Upholstered Arms: Upholstered panel arms features caps which can be specified in constraasting fabrics, vinyls or leathers. Optional wood arm caps are also available in any DARRAN finish. Welting between cap and arm can also be specified in contrasting upholstery materials.

Covet Seating Specification

Adjustable Ergonomic Arms:
 Available in either T-Polished Aluminum or T-Nylon Black this multi-functional telescoping arm features height, depth, and pivot adjustability. Activated by a button trigger, it provides 4" of vertical adjustment to help relieve upper back and shoulder fatigue. 3" of front to back friction - activated depth adjustment allows users to get closer to their work surface while maintaining effective use of the backrest. The 30 degree inward / outward pivot provides proper forearm support for various tasks such as keying and mousing.

Bases: 26" diameter, available in Polished Aluminum (Standard), Black or Wood.

Casters: 60mm diameter wheels are standard and promote increased mobility.

Carpet casters are standard. For hard floor surfaces specify CST20 - no upcharge.

Covet's slim, chiseled, profile compliments DARRAN's contemporary and transitional casegoods and conference room offerings. Finely tailored upholstery featuring elegant top stitch detailing provides a quality image while accommodating "real world" budgets. A family of models is offered, appropriate for Executive private offices, conference rooms, or open plan environments. A high level of detail provides 360° visual interest, especially important in conference room applications. Variety of textiles and back options offer customers flexibility in design and consistency within each office setting.

Knee-tilt swivel mechanism

The standard Knee-tilt mechanism features an advanced forward pivot point that reduces leg lift with a 16 degree seat angle and a 25 degree back angle tilt. The mechanism locks in task and reclined positions with side tensions adjustment. Heigh adjustment and tilt tension are also provided.

Application instructions must be specified on the purchase order or COM / COL submission form. In the absence of application instructions, DARRAN will apply materials accordingly.

CAL117

All DARRAN seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes.

Testing is available for all seating products with the following fees and considerations:

- If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for \$75 list per yard required. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- The purchase order must clearly indicate the requirement of California Technical Bulletin 133
- If laboratory California Technical Bulletin 133 certification is required, the cost of testing a chair is \$820 NET, plus the cost of the chair and covering material.
- An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- DARRAN's manufacturing procedures for California TB 133 compliance are based on the testing of representative style with specific fabrics. Please contact Customer Service for an updated list of tested models.
- A copy of test certification is available upon request.

Combination fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If using COM or COL, pricing will be COM or COL + 5%. If both COM + COL are used in combination, use COL + 5%

COM/COL ordering instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL submission form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstering. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

Fabric Width	Plain Fabric	2"- 14" Repeat	15"- 19" Repeat	20"- 27" Repeat	28"- 36" Repeat
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%

NOTE

Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

Finish

Welltech Finish delivers a superior furniture coating with exceptional performance that can withstand stringent cleaning agents and possesses unparalleled durability, allowing DARRAN to provide lasting, sustainable products to our customers.

Plywood shells have a 9-ply construction, pressed in Heat-Induction presses with walnut core veneers and any specified face materials.

Frames are 5/8" diameter 13 gauge steel with reinforced rods in the tubes at the bends. The finish on the frame is chrome.

Chair
 Width = 18"

Cosmo Seating Specification

Frame is constructed of kiln-dried European beech, PEFC Certified sustainable yield, perpetuating premium quality and durability.

Seat cushions are made of high resiliency foam with proper density to give comfort and support.

Seat rails are reinforced with tenon and groove corner blocks and cleats attached with glue and wood screws.

Enhancing veinline detail at the back panel to further showcase American craftsmanship and prevent finish cracking.

*Wall-Saver Design

Increased seat width to allow added comfort and increased application.

Non adjustable nylon glides are 7/8" in diameter.

Variety of textiles and back options offer customers flexibility in design and consistency within each office setting.

Joints

Joints are securely fastened with mortise and tenon joinery or double doweled construction to ensure long-term use.

Seat suspension

Seat suspension is constructed of 3/4" thick top quality Baltic Birch plywood that is machined to form an open perimeter of rounded inside edges to reduce strain on the seat suspension. Seats are webbed to provide maximum support for seat cushions. Seat cushions are made of high resiliency foam with proper density providing comfort.

Seat assembly

Seat assembly is attached within finger grooved corner blocks and further secured by wood cleats, providing a vast superior means of stability in the chair.

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing/yardage requirements will be as follows:

A Seat 1 yd(s).
B Back 1 yd(s).

- When combining two materials of the same grade, pricing will be specified grade + 5%
- If combining two materials of different grades or leather/fabric combination, use the highest grade/price + 5%
- If using COM or COL, pricing will be COM or COL + 5%.
- If both COM + COL are used in combination, use COL + 5%.

Product Features

- Frame is constructed of kiln-dried European beech, PEFC Certified sustainable yield, perpetuating premium quality and durability.
- Joints are securely fastened with mortise and tenon joinery as well as hardwood corner block construction.
- Seat cushions are made of high resiliency foam with proper density to give comfort and support
- Seat rails are reinforced with hardwood corner blocks.
- Seat suspension is constructed of 3/4" thick Baltic Birch plywood.
- Sheet webbing
- Upholstered seat and back
- Wall saver leg

Application instructions must be specified on the purchase order or COM / COL submission form. In the absence of application instructions, DARRAN will apply materials accordingly.

CAL117

All DARRAN seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes.

Testing is available for all seating products with the following fees and considerations:

- If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for \$75 list per yard required. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- The purchase order must clearly indicate the requirement of California Technical Bulletin 133
- If laboratory California Technical Bulletin 133 certification is required, the cost of testing a chair is \$820 NET, plus the cost of the chair and covering material.
- An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- DARRAN's manufacturing procedures for California TB 133 compliance are based on the testing of representative style with specific fabrics. Please contact Customer Service for an updated list of tested models.
- A copy of test certification is available upon request.

Combination fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If using COM or COL, pricing will be COM or COL + 5%. If both COM + COL are used in combination, use COL + 5%

COM/COL ordering instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL submission form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstery. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

Fabric Width	Plain Fabric	2" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%

Posh Fabric & Leather Program

ATTACH 6" X 6" FABRIC/LEATHER SAMPLE HERE

NOTE

Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

RAILROAD

SETUP

Overall Width = 25"
 Overall Depth = 24-1/2"
 Height = 38-1/2" - 41-1/4"
 Seat Width = 22-1/2"
 Seat Depth = 18-1/2"
 Seat Height = 18-1/4" - 21-1/2"
 Arm Height = 27-1/2" - 30-3/4"

Frame Construction: 9-ply hardwood molded plywood frame construction for superior strength and durability. Frames are precision cut on CNC routers to insure uniformity.

Cushioning: High density CAL117 polyurethane foams of varying compression are laminated together to provide long term comfort.

Upholstered Arms: 2" wide upholstered panel arms, urethane coated loop arms, adjustable T arms and armless versions provide options for multiple use applications.

Adjustable Urethane Arms: Black adjustable ergonomic arms are available with spring loaded height adjustment and button activation. Arms are angled at 15 degrees with an adjustable arm pad for additional comfort and ergonomic support. Arms adjust 3-1/4" in height and 1-1/2" in width.

Bases: 26" diameter, available in Polished Aluminum (Standard), Black or Wood.

Casters: 60mm diameter casters are standard and promote increased mobility.

Carpet casters are standard. For hard floor surfaces specify CST20 - no upcharge.

Upholstered Arms
(Mid-Back or High-Back)

Armless
(Mid-Back or High-Back)

Adjustable Arms
(Mid-Back or High-Back)

Urethane Loop Arms
(Mid-Back or High-Back)

Posh's thin profile of subtle curves and signature channel back design provides an elegant executive seating solution for any office environment. Versatility in options, and highback / midback chair designs allow customers to specify Posh for mid-management, upper executives, and conferencing applications. Posh is offered in armless, upholstered, adjustable, and black urethane arms.

Knee tilt swivel mechanisms

The Knee-tilt mechanism features an advanced forward pivot point that reduces leg tilt with a 16 degree seat angle and a 25 degree back angle tilt. The mechanism locks in task and reclines positions with side tension adjustment. height adjustment and tilt tensions are also provided.

Seating & fabric leather program

DARRAN has partnered with some of the most prestigious fabric suppliers of the office furniture industry to bring you quality fabrics that are engaging designs, environmentally friendly and durable for years to come. The majority of fabrics we have graded-in are in heavy supply making it most likely available on our Quickship however, we cannot guarantee stock. If you do not see the fabric you wish to include in a project, please contact our Factory to see if this pattern can be graded in at 800.334.7891.

Application instructions must be specified on the purchase order or COM / COL submission form. In the absence of application instructions, DARRAN will apply materials accordingly.

CAL117

All DARRAN seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes.

Testing is available for all seating products with the following fees and considerations:

- If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for \$75 list per yard required. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- The purchase order must clearly indicate the requirement of California Technical Bulletin 133
- If laboratory California Technical Bulletin 133 certification is required, the cost of testing a chair is \$820 NET, plus the cost of the chair and covering material.
- An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- DARRAN's manufacturing procedures for California TB 133 compliance are based on the testing of representative style with specific fabrics. Please contact Customer Service for an updated list of tested models.
- A copy of test certification is available upon request.W

Combination fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If using COM or COL, pricing will be COM or COL + 5%. If both COM + COL are used in combination, use COL + 5%

COM/COL ordering instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL submission form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstery. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

Fabric Width	Plain Fabric	2"- 14" Repeat	15"- 19" Repeat	20"- 27" Repeat	28"- 36" Repeat
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%

Spire Seating Fabric & Leather Program

ATTACH 6" X 6" FABRIC/LEATHER SAMPLE HERE

NOTE

Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

Finish

Welltech Finish delivers a superior furniture coating with exceptional performance that can withstand stringent cleaning agents and possesses unparalleled durability, allowing DARRAN to provide lasting, sustainable products to our customers.

Seat cushions are made of high resiliency foam with proper density to give comfort and support.

Seat rails are reinforced with hardwood corner blocks and cleats attached with glue and wood screws.

Frame is constructed of kiln-dried solid Ash or Walnut, perpetuating premium quality and durability.

Variety of textiles and back options offer customers flexibility in design and consistency within each office setting.

Application instructions must be specified on the purchase order or COM / COL submission form. In the absence of application instructions, DARRAN will apply materials accordingly.

CAL117

All DARRAN seating products conform to California Technical Bulletin 117 as a minimum standard.

CAL133

To meet the California Technical Bulletin 133 flammability regulation, a combination of proper materials must be used to pass, as it tests the fire resistance of a finished product. Flame resistant fabric, a fire blocker material and special foam must be used to pass CAL133 fire codes.

Testing is available for all seating products with the following fees and considerations:

- If laboratory certification is not required, any style can be manufactured to comply with California Technical Bulletin 133 for \$75 list per yard required. (Customer's Own Materials must factor in additional yardage requirements based on repeat.)
- The purchase order must clearly indicate the requirement of California Technical Bulletin 133
- If laboratory California Technical Bulletin 133 certification is required, the cost of testing a chair is \$820 NET, plus the cost of the chair and covering material.
- An additional lead time of 4 to 6 weeks is required for testing for CAL133.
- Once testing is completed, we will provide a certification letter specific to the sample tested for CAL133.
- DARRAN's manufacturing procedures for California TB 133 compliance are based on the testing of representative style with specific fabrics. Please contact Customer Service for an updated list of tested models.
- A copy of test certification is available upon request.

Combination fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics. When using fabric, vinyl or leather combinations, pricing will be as follows:

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If using COM or COL, pricing will be COM or COL + 5%. If both COM + COL are used in combination, use COL + 5%

COM/COL ordering instructions

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL submission form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstery. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54" wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

Fabric Width	Plain Fabric	2" - 14" Repeat	15" - 19" Repeat	20" - 27" Repeat	28" - 36" Repeat
54"	0	15%	20%	25%	30%
53"	6%	19%	24%	28%	36%
52"	13%	23%	28%	33%	38%
51"	19%	26%	31%	36%	41%
50"	25%	30%	35%	40%	45%
49"	30%	35%	40%	45%	50%
48"	35%	40%	45%	50%	55%
47"	45%	50%	55%	58%	65%

NOTE

Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

Product Features

- 1- 1/4" Platform
- Polished Aluminum legs
- Platforms for a cushion feature a route to reduce unit weight

Notes

- If platform for cushion is desired, use with 19-1/2" bench cushion
- Power Options not available on Platform for Cushion
- Cushions (ordered separately) attach to platform with 4 bolts (Field Assembly Required). Cushions are reversible on platform.
- Each flush cut option reduces the platform width 5/8"

Options

Flush Cut

- FC-B: Flush Unit Both Sides(Facing) for Ganging - \$100
- FC-L: Flush Unit Left (Facing) for Ganging - \$100
- FC-R: Flush Unit Right(Facing) for Ganging - \$100

Power

- AirCharge offers a convenient way to charge any Qi compatible smart-phone or device without the need to carry charging cables or find an available power outlet.
- ACWG: AirCharge Wireless Grommet - \$213
 - Cove Power Pod (Linking/Non-Linking)
 - PD-COVE: Non-Linking Rectangle Power Unit - \$600, For Table Top
 - COV-DCH: Hardwire Infeed, 1 Linking Cove unit - \$774
 - COV-DCP: Plug Infeed, 1 Linking Cove unit - \$872
 - COV-DCL: Additional Units (includes 1 Linking Cove unit + 72" jumpers) - \$627
