built to order

Manufactured per order the way you want it, including modifications.

fully assembled

Unless otherwise noted, all products are fully assembled and ready to use, including add-on options.

performance tested

All products are tested to ensure performance exceeds BIFMA / ANSI standards.

green certified

DARRAN has been committed to improving indoor air quality of office buildings since 1996. Since then, finish technology has allowed our commitment to continue with products that are air quality Certified Green.

DARRAN is proud to announce that all in veneer, laminate, and guest seating are MAS Certified Green for complying with the ANSI/BIFMA X 7.1 standard / LEED 4.5 Standard for low –VOC emitting Furniture.

MAS is an independent emission testing laboratory that is ISO 17025 compliant using ASTM, ANSI and CEN methods. MAS is a true 3rd party certification through NSF International to BIFMA standards and California's ARB formaldehyde standard. Certification of compliance under the Low – VOC emitting Furniture testing, qualifies products for LEED 4.5 credits.

finish technology

DARRAN has continued its partnership with AkzoNobel Chemicals (www.akzonobel.com) to develop a new finish technology further improving indoor air quality with a coating that meets today's environmental standards and supports LEED buildings.

ENVI-CT (Environmental Coatings Technology) utilizes advanced European finish technology to deliver a high-end furniture coating with superior performance in appearance and durability, allowing DARRAN to deliver more sustainable products to our customers.

ENVI-CT Advantages:

- › ENVI-CT is a re-engineered high performance Top Coat
- › Exceptional hardness and clarity
- › Highly resistant to solvents and chemicals
- › Plasticizer Migration resistant
- › Excellent UV inhibitors for maximum color resistance
- › Exceeds current and proposed future Federal and State air quality requirements
- › Field Repairable
- › Dynamic chamber emissions tested and certified compliant to ANSI/BIFMA X 7.1 Standard / LEED 4.5 Standard for low VOC emitting furniture.

advantages

DARRAN collaborated with the world's leader in finishing materials, to formulate an additive that will inhibit the growth of mold, mildew, fungus and bacteria on wood surfaces. This additive infuses Silver Ions into DARRAN's ENVI-CT (Environmental Coatings Finish Technology), creating a protective surface for the life of the furniture. This is standard on all DARRAN Desks and workstations for no additional fee.

Limited lifetime warranty

limited lifetime warranty

DARRAN Furniture Industries, Inc. ("DARRAN") warrants that each piece of furniture manufactured in its North Carolina Facilities will be free from defects in material and workmanship for as long as the original purchaser owns and uses the product. Subject to the limitations and exclusions herein, DARRAN, at its discretion and as the sole remedy under the DARRAN Limited Lifetime Warranty, will replace or repair a defective product or components with comparable product or components free of charge. This warranty is made only to the original purchaser from an authorized DARRAN dealer, for as long as that original purchaser owns and uses the product.

limitations: use/care

- › Warranty is limited to normal single shift use.
- › Warranty is limited to generally accepted care and maintenance of natural wood products and environments.
- › Natural wood surfaces are subject to denting, scratching, and gauging if not properly used and cared for. Warranty is subject to use and care in accordance with the use and care instructions provided in the Product Care section of this site (including, but not limited to, the care and maintenance guide downloads linked thereon), available at www.darran.com/product-care, which are incorporated herein by reference.

limitations: materials/components

- › Laminates, Veneers / Finishes - 10 Years
- › Electrical lamps, Ballasts, Transformers - 3 Years
- › Pneumatic lifts, Foam - 5 Years
- › Custom products built to customers specifications - 3 Years

warranty exclusions

Damage identified as carrier or installer related.

- › Normal wear and tear of wood products during course of ownership.
- › Color, grain, or texture of natural wood materials, laminates, and other covering materials.
- › Damages or failures resulting from misuse, abuse, negligence, improper care, modifications, or relocation.
- › Non Commercial use or locations.
- › So-called "ghost" indentions and similar damage caused by the failure to use appropriate desk or writing pads.

All Warranty Claims are subject to DARRAN-approved inspections. Disputes may involve independent third-party evaluation

quality assurance

DARRAN manufactures in accordance with the standards set by Architectural Woodwork Institute (AWI) for Quality Standards.

Every unit produced at DARRAN is completely inspected by an independent quality control team located within each plant whose emphasis is on assembly, finish, and final inspections with empowerment to stop any unit not meeting DARRAN's high quality standards.

light and natural finishes

The beauty of veneer and all wood products comes from the variations created by nature including color, grain, and texture. These variations are not considered defects and DARRAN's Limited Lifetime Warranty does not cover color, grain and texture variations associated with natural

wood and grain seen in any finish color. DARRAN sets standards for veneer selections; however, variations, especially apparent in light/natural finishes, will occur from one piece to another even if they are finished at the same time.

Finishes such as Clear Maple, Light/Gunstock Walnut, and Clear/Caramel Cherry will display more natural characteristics due to their light stain. Grain, pattern and color from unit to unit are not guaranteed or warranted and products will not be replaced due to these variations. Exposure to light and age will cause darkening of natural wood products; therefore DARRAN cannot guarantee or warrant finish match of new products being placed with existing products in the field.

glass

Use of glass overlays on surfaces will void DARRAN's Limited Lifetime Warranty, unless the overlay is installed and maintained in strict accordance with DARRAN's instructions. If an overlay is to be used, please contact DARRAN for installation and maintenance instructions.

general

Performance questions will be tested to generally accepted practices and AWI guidelines and standards for wood veneer furniture. To obtain performance of the Limited Lifetime Warranty, the purchaser should contact in writing the authorized DARRAN representatives or current dealer who sold the product to the purchaser or mail the warranty claim to:

2. Open all cartons with puncture or crushed corner damage.
3. Note any damage to the goods on the Carrier's freight bill as number of pieces damaged.

concealed damage

1. Take digital pictures of the furniture as it sits partially unpacked. Also, photograph external and internal carton materials that correspond with the damaged area on the product.
2. Carton and damaged unit(s) must be located at the location matching the original delivery address for Carrier inspection.

DARRAN will not accept return of merchandise without a signed RA (return authorization) form.

DARRAN will specify the carrier to be used. Return bills of lading must be marked "Class 125" freight rate and a copy of the RA should be used as a packing list. All returns must be received by DARRAN within 30 days of the RA date or the products will be considered accepted by the customer.

All products being returned must be properly packed and protected to avoid freight damage. Whenever possible, use the original cartons in which the merchandise was shipped. Freight damage, signs of usage, missing parts, etc., will result in an adjustment of any credit to be issued, otherwise all sales are final.

1. Manufacturing defect (inspection required)
2. Order processing error by DARRAN
3. Shipping error
4. Mismatched carton/merchandise

specification changes

We reserve the right to change without notice any dimension, style, or specification of any model in the DARRAN line. Dimensions shown in the price list are nominal. It is the buyer's responsibility to read specification carefully when matching existing goods is desired.

manufacturing changes

Claims of manufacturing defects will not be entertained without prior consultation with DARRAN's warranty department. Unauthorized deduction in payment of invoices will not be allowed without prior factory approval. Unapproved deductions are subject to factor's late payment charges.

non-obsolescence

DARRAN designs products to evolve with workplace trends, technology advancements, and innovative materials. Non-obsolescence ensures that the product purchased will be supported with a "like" product for many years. When products or components become obsolete or are not economically or environmentally sustainable, it is our responsibility to make the appropriate changes. If there is a discontinuation, we will work to present acceptable substitutions.

damages claims

Claims of manufacturing damage or freight damage reported as nicks, dents, scratches, etc. after installation of furniture will not be covered under warranty or freight claim.

Attention: Damage claims involving glass or stone components must be inspected and damage noted on delivering freight bill to qualify for replacement.

repair charges

Factory authorization must be secured from DARRAN's warranty department prior to incurring repair charges. Warranty will utilize DARRAN's National Repair Service through the Furniture Medic Franchise (www.furnituremedic.com).

Repair charge authorizations are based on:

- › Set travel rate
- › Average regional job rate
- › Factory set maximum repair time
- › Falsely reported defect claims are subject to local service charges being charged to dealer/distributor.

finish maintenance

Wood office furniture and wood finishes can retain their natural beauty for life if proper care is taken and a stable environment is provided. Fluctuations in humidity and temperature cause panels and solid wood components to expand and contract and may lead to panel warpage and finish "checking" or cracking. Prolonged exposure of furniture to dry heat during winter months should be avoided.

Damages, returns & repairs cont.

Careful examination of interior wood trim may indicate a damaging dry environment. If open joints, splits and cracks are appearing in trimwork consult with a HVAC professional for appropriate remedy.

DARRAN finishes are field repairable should damage occur. Professional furniture repair services are recommended. Regular cleaning with a non-silicone polish is recommended.
