

DARRAN®

# Occasional

Our approach to occasional design is to capture various tables that create striking visual interest. Tables are available in finishes that include a range of laminate, veneer and metal and can be used in a contemporary or traditional environment. Our goal is to highlight the concept of occasional products that initially help complete the space.

- Natural cracks in the wood are considered normal and enhance the beauty of the stool
- Butterflies are hand placed (if needed in areas of natural cracks)
- Stools are cut from the Acacia trees and have distinct profiles and unique coloring
